

Thank you for choosing 3D Brows & Wellness!

Skin Needling Aftercare

What to Expect:

- **3-5 days** downtime are needed after the procedure.
- **24 hours** after the treated area will be VERY red, this will gradually lighten each day and will feel like a sunburn.
- **AVOID DIRECT SUN** for 2-3 months after the treatment or until pinkness subsides.

Basic Aftercare:

- Keep area clean & moisturized, daily sunscreen is recommended.
- Avoid cleansers with acid or retinols for 2-3 weeks.
- After 7 days, you can return to your regular skin care regimen (minus acid/retinol).
- **DO NOT PICK** flaking skin or scabs.
